

Hospital Performance Report 2014

NATIONAL CANCER INSTITUTE
MAHARAGAMA

Foreword

The National Cancer Institute of Sri Lanka provides its services to over 50,000 inward patients which include more than 10,000 new registrations annually coming from various areas of the country. Out of these new registrations approximately 8000 are identified as malignant. They are being managed with specialized treatments and follow up care.

The Hospital **Performance Report - 2014** contains data of services provided in 2014 to the patients registered at National Cancer Institute Sri Lanka. The aim of this publication is to provide accurate statistical data which is essential for health administrators, researchers, national policy makers and strategists in cancer related field for the evaluation and further development of services provided at present.

Also I would take this opportunity to thank the heads of departments & staff for their cooperation in assisting me in this important task. I am also grateful to the staff of the Medical Records & Statistics Unit for their support and assistance to make this venture a success.

We welcome your comments & valuable suggestions for further improvement of this annual publication.

Dr. L.D.Rathnasiri, (RMO)

Medical Statistics Unit.

Introduction to National Cancer Institute, Sri Lanka.

The National Cancer Institute is a teaching hospital, managed under supervision of the Ministry of Health Sri Lanka. It is the premium hospital dedicated to diagnose, treat and follow up of cancer patients in Sri Lanka. It is located at Maharagama, 16 km away from Colombo, the capital of Sri Lanka.

It was first established as a radiotherapy unit with inward facilities in 1956 and now it has developed into a tertiary care hospital with modern screening, diagnostic, & treatment facilities.

NCI, which spreads over 10 acres, provides patient care approximately 140000 outdoor patients and 60000 indoor patients per year with 21 wards consist of 832 beds. Thirty two Consultant and more than thousand health workers including nurses, pharmacists, radiographers, MLTs provide their service under the guidance of Director. Consultant Oncologists, Oncosurgeons, Oncogynaecologists, Physicians, conduct outdoor clinics daily to follow up patients with malignancies by the help of all range of Hematological, Histopathological, Microbiological, Haematological and Radiological investigations under the supervision of respective consultants.

All kinds of radiological treatment methods including Mega voltage photon & electron therapy, Brachytherapy, and Iodine therapy, are given free of charge. Physiotherapy, Speech therapy, Counseling, Outdoor blood transfusion & Chemotherapy services are among the other services available in this hospital
