

Hospital Performance Report 2017

APEKSHA HOSPITAL (NATIONAL CANCER INSTITUTE)

MAHARAGAMA

Medical Statistics Unit

Foreword

The National Cancer Institute of Sri Lanka (Apeksha Hospital) provides its services to over 60,000 inward patients which include more than 13,000 new registrations annually coming from various areas of the country. Out of these new registrations approximately 10,000 are identified as malignant. They are being managed with specialized treatment and follow up care.

The Hospital “**Performance Report – 2017**” contains data of services provided in 2017 to the patients registered at National Cancer Institute Sri Lanka. The aim of this publication is to provide accurate statistical data which is essential for health administrators, researchers, national policy makers and strategists in cancer related field for the evaluation and further development of services provided at present.

Also I would take this opportunity to thank the heads of departments & staff for their cooperation in assisting me in this important task. I am also grateful to the staff of the Medical Records & Statistics Unit for their support and assistance to make this venture a success.

We welcome your comments & valuable suggestions for further improvement of this annual publication.

Dr. L.D.Rathnasiri, (RMO)

Medical Statistics Unit.

March 2018

Vision

**To be a centre of
excellence in providing
care for cancer patients as
a leader in south East –
Asia by 2020**

Mission

**To provide comprehensive
patient care through
standard international
medical practices along
with research, training and
education in cancer care
management in
collaboration with all
stakeholders.**

Introduction to National Cancer Institute, Sri Lanka. (APEKSH HOSPITAL)

The National Cancer Institute (Apeksha Hospital) is a teaching hospital, managed under supervision of the Ministry of Health Sri Lanka. It is the premium hospital dedicated to diagnose, treat and follow up of cancer patients in Sri Lanka. It is located at Maharagama, 16 km away from Colombo, the capital of Sri Lanka.

It was first established as a radiotherapy unit with inward facilities in 1956 and now it has developed into a tertiary care hospital with modern screening, diagnostic, & treatment facilities. The new “RAZAVI” building recently added which consists of modern theater complex, bone marrow transplant unit, surgical & medical intensive care units, is a gold mark of the hospital history. Bone marrow transplant has commenced since 2017 after establishing a new building with state of art facilities.

NCI, which spreads over 10 acres, provides care for approximately 140000 outdoor patients and 60000 indoor patients per year with 26 wards consist of 873 beds. Thirty seven Consultants and more than thousand four hundred health workers including nurses, pharmacists, radiographers, MLTs provide their service under the guidance of Director. Consultant Oncologists, Oncosurgeons, Oncogynaecologists, Physicians, conduct outdoor clinics daily to follow up patients with malignancies by the help of all range of Hematological, Histopathological, Microbiological, Haematological and Radiological investigations under the supervision of respective consultants.

All kinds of radiological treatment methods including Mega voltage photon & electron therapy, Brachytherapy, and Iodine therapy are given free of charge. Physiotherapy, Speech therapy, Counselling, Outdoor blood transfusion & Chemotherapy services are among the other services available in this hospital.
